

The dot plot displays the daily death toll from December 1st to November 1st. The x-axis labels are 12, 08, 10, 09, 02, 05, 07, 03, 04, 01, 06, and 11, representing dates. The y-axis represents the number of deaths, with a scale from 0 to 12. Each dot corresponds to one death. The data shows a high frequency of deaths in early December, peaking at 12 deaths on December 6th, followed by a decline and then a slight increase in late November.
